Meeting summary

The committee started detailed review of Chapter 4 of the Comp Plan (Summary of Goals, Strategies, Actions and Implementation). Resolved major issues and referred minor issues to a subcommittee. Agreed that this section would contain no pictures, and generally would describe what should be done, but not how to do it. Glossary will appear as an Appendix.

There was discussion of the need for lofty goals and strong opinions. Agreed that the Plan should relate to major movements of the times: for example, public health, poverty, racial inequality and criminal justice reform, and climate change. These aspirational ideas will appear in the “Path Forward” subheading at the end of each section of Chapter 3, and incorporated elsewhere. Structure of the document will not need to be changed.

Next meeting: Oct. 15, 6:30-8
